The San Bernardino County parks department has been in contact with Harry regarding a new field for the club. They have mentioned the Devore landfill but Harry declined this location because of the high winds inherent at that location. They are looking into other locations so if you see any location that would work contact Harry and let him know so he can contact the parks department and we can see where it can go from their.

The Club Christmas party will be held on December 5th, starting at 6:00 PM, at the Denny's in Redlands at the I10 freeway and Alabama Ave. Located just north of the I10 freeway on the right hand side of the road.

We will be having the Club meeting the next weekend and we will have to finish the Event Calendar for next year so if you would like to do an event you will need to be at this meeting to have your event on the calendar for next year, we do add events during the year but it is easier on me to have all of the events ahead of time so when I make

up the 2010 club member ID cards and the 2010 club info cards this info is on the back of both cards for quick reference.

We will be having two tables at the AMA convention at the Ontario Convention center on January 8 – 10. We have booth 301 and 303, they are right in front of the entrance to the hall. Booth 301 is the end booth and is the first one you see when you come in the doors.

2010 Academy of Model Aeronautics Expo

Pat Morgan has made a display stand that will be used to show off one of the aircraft that we will have at the show.

Richard Rittmiller will be bringing his Ryan STA with the "Bug in the teeth" pilot to the show also, with his display stand.
