Old Business:

The picture to the left is of the landfill in Fontana that Harry Hill has been talking about; it's between the white buildings and the green running man looking figure to its left. I got this picture from Google Earth. The landfill location is at the 210 freeway and Sierra Ave. The talk has been that the county would provide everything we would need, utilities, buildings, runway, heck just about everything. Harry will be setting up a field trip in the near future so we can go and scope out the location. The only draw back would be the winds, but remember the wind is your friend when you fly an RC aircraft.

We will be at the AMA convention in Ontario in January. We will have two booths, hopefully the one to the right of us, the one Bill Northrop was using to sell his aircraft plans. I have not received the info package with this information back from the AMA. We will have electrical power at one of the booths so we can run the video of our club that Pat Morgan kids are making for us. As mentioned in the last newsletter we will have a large turn out of booth workers but we can always use more as for the ID badges required for the people working the booth I will contact the AMA about getting more of them. I will need the names of the additional people who will be coming to work the booth so I can get more ID badges.

Al Hess came out and cut the weeds down again. We need to give him a BIG thank you. If you have the time and the inclination bring out a weed whacker or a shovel and knock down the weeds that are popping up along the runway and the pit area even though we are looking at another flying field it will be some time before we will be able to you it so we still need to perform any maintenance needed at our current field.

New Business: The landfill is on hold at the moment. I will post new information as it becomes available.

Jim Wilson, Henry Grenier, Al Hess and our new member Ralph Buscemi have been coming out and knocking down the weeds around the field. Let's give them a BIG thank you.

Helizone is giving club members the "Internet price" deal on any item that you need for your plane. They will match any "Internet price" that you show them and they will not charge for shipping on shipped items.

Event Report: We had our trainer races. I was not able to attend the races and asked Dave Miles to take over the duties of the CD and he did a great job, I would like to thank Dave for doing this at the last minute, Thanks Dave.

The winners of the races are Third place goes to Harry Hill with Jim Wilson taking Second place honors. And the First place winner is, Drum roll please..... Rick Ogden, way to go Rick.

Soloed pilot(s): None this month.

New member(s): Ralph Buscemi, lets give him a big welcome aboard.

Raffle: Lanier Dominator 500. And it was won by Tim Green and was given to John Ferranti.

Secretary Report

If you are receiving the club newsletter by snail mail and would like to receive it by Email please let me know by Email and I will place you on the Email list.

This will save the club money both in printing and mailing costs.

If you are going to move or change your Email address please let me know.

If you would like to contribute to the newsletter you can either Email or snail mail me or Carolyn Hodges a letter with the item or items you would like to have published in the newsletter or on the web site. I'm always looking for more content for the newsletter and the web site.

Sorry for the tardiness of this newsletter. I was thinking that the next club meeting was on the 15th of this month.

Meeting ended: 09:15

Other club(s) events: We are displaying other clubs events and they will display ours.
No new ones this month.

Well that's it for this months "Chino Flyer" hope to see you at the field.

Next meeting will be on **Sunday, November 8th** 0830 at the club field
